We have a duty under the Health and Safety at Work Act 1974 to ensure the health and safety of school personnel and it is our duty as stated in the Management of Health and Safety at Work Regulations 1999 to manage risks in the workplace.

We work hard aim to create and maintain a safe and secure school environment where violence, threatening behaviour or abuse to any member of the school community is not tolerated.

We are aware that nationally many educational staff have been subjected to many incidents of challenging, aggressive, disruptive or violent pupil behaviour and that they feel pupil behaviour has got worse in the past two years. Those that took part in a recent survey believe that there are many causes for this namely:

- lack of boundaries at home
- emotional and behavioural problems
- mental health issues
- stress

In another recent survey more than half of UK teaching assistants have experienced violent behaviour in the classroom, the playground or at the school gates. We understand that many pupils face chaotic home lives and suffer from mental health issues with many pupils at risk. But teachers and teaching assistants should not have to be subjected to unruly and disruptive pupils.

We have a major duty to support all school personnel as they have a right to feel safe while undertaking their roles and violence towards them is completely unacceptable. We will deal with all incidents severely. We believe we have in place appropriate strategies and procedures to 'manage the behaviour of unruly and disruptive pupils in order to minimise the impact in the classroom and to provide full support to staff encountering violence.'

We treat any form of physical attack, attack against property or possessions, serious verbal abuse and threats or anti-social behaviour as acts of violence or aggression as unlawful. We

Good Apple Independent School

will take all appropriate action against pupils or parents/carers or others to ensure all school personnel feel safe at all times and not to work in fear of threats, violence or abuse.

We expect all parents/carers and other visitors to behave in a reasonable and acceptable manner towards all school personnel at all times. In the event of continued acts of verbal abuse or other anti-social behaviour we will consider reviewing our 'open-door' policy and may ban parents/carers from entering school without an appointment.

We will not tolerate any of the following threatening behaviour and will consider banning any person who does so:

- shouting at a member of the school personnel in person;
- using aggressive hand gestures;
- invading a person's personal space;
- swearing;
- physically pushing and hitting;
- spitting directly or indirectly;
- shouting at a member of the school personnel over the telephone.

Parents/carers who wish to discuss their child's education may contact the school by telephone or email to make an appointment.

Signs stating that we will not tolerate verbal abuse or acts of violence will be positioned in the main entrance and other places on the school premises where parents/carers may congregate.

We expect all school personnel to behave professionally at all times and when confronted with difficult situations to attempt to defuse them.

We will do everything reasonably practicable to reduce risk and to work hard to gain the necessary external support for those pupils who have been identified with mental health issues.

We wish to work closely with the School Council and to hear their views and opinions as we acknowledge and support Article 12 of the United Nations Convention on the Rights of the Child that children should be encouraged to form and to express their views.

We as a school community have a commitment to promote equality. Therefore, an equality impact assessment has been undertaken and we believe this policy is in line with the Equality Act 2010.

We all have a responsibility to ensure equality permeates in to all aspects of school life and that everyone is treated equally irrespective of age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation. We want everyone connected with this school to feel safe, secure, valued and of equal worth.

We acknowledge the findings of the Race Disparity Audit that clearly shows how people of different ethnicities are treated across the public services of health, education, employment and the criminal justice system.

The educational section of the audit that covers: differences by region; attainment and economic disadvantage; exclusions and abuse; and destinations, has a significant importance for the strategic planning of this school.

We have a duty to ensure that no member of the school personnel should ever have to work in fear of violence or harassment, either in school, outside of school, or online. We want to work in harmony with all stakeholders but all threatening behaviour, harassments or physical attacks will be dealt with severely.
