Good Apple is fully committed to safeguarding and promoting the welfare of all its pupils. As a school we recognise that safeguarding against radicalisation is no different from safeguarding against any other vulnerability.

All staff are expected to uphold and promote the fundamental principles of British values, including democracy, the rule of law, individual liberty, mutual respect, and tolerance of those with different faiths and beliefs.

LINKS TO OTHER POLICIES

The Anti-Radicalisation policy statement links to the following policies:

- *Child Protection and Safeguarding
- *Equality diversity policy
- *Anti-bullying policy
- * Behaviour policy
- *ICT policy
- *PSHE policy

AIMS AND PRINCIPLES

The main aims of this policy statement are to ensure that staff are fully engaged in being vigilant about radicalisation; that they overcome professional disbelief that such issues will not happen here and ensure that we work alongside other professional bodies and agencies to ensure that our pupils are safe from harm.

The principle objectives are that:

- * All Directors, teachers, teaching assistants and non-teaching staff will have an understanding of what radicalisation and extremism are and why we need to be vigilant in school.
- * All Directors, teachers, teaching assistants and non-teaching staff will know what the school policy is on anti-radicalisation and extremism and will follow the policy when issues arise.
- * All parents and pupils will know that the school has policies in place to keep pupils safe from harm and that the school

regularly reviews its systems to ensure they are appropriate and effective.

DEFINITIONS AND INDICATORS

Radicalisation is defined as the act or process of making a person more radical or favouring of extreme or fundamental changes in political, economic or social conditions, institutions or habits of the mind.

Extremism is defined as the holding of extreme political or religious views.

PROCEDURES FOR REFERRALS

Although serious incidents involving radicalisation have not occurred at Good Apple to date, it is important for us to be constantly vigilant and remain fully informed about the issues which affect the region in which we teach.

Staff are reminded to suspend any professional disbelief that instances of radicalisation 'could not happen here' and to refer any concerns through the appropriate channels; Natalie Myers School Lead for Child Protection/ Safeguarding or Helen Henderson

THE ROLE OF THE CURRICULUM

Our curriculum promotes respect, tolerance and diversity. Children are encouraged to share their views and recognise that they are entitled to have their own different beliefs which should not be used to influence others.

Lessons teaching children about tolerance, understanding, questioning beliefs and Britishness are taught through PSHE (Personal, Social, Health, Emotional Wellbeing and Economic Understanding), Citizenship and RE (Religious Education). SMSC (Spiritual, Moral, Social and Cultural) provision is embedded across the curriculum, and underpins the ethos of the school.

It is recognised that children with low aspirations are more vulnerable to radicalisation and therefore we strive to equip our pupils with confidence, self-belief, respect and tolerance as well as setting high standards and expectations for themselves.

Children are regularly taught about how to stay safe when using the Internet and are encouraged to recognise that people are not always who they say they are online. They are taught to seek adult help if they are upset or concerned about anything they read or see on the internet.

STAFF TRAINING

Through CPD opportunities in school, we will ensure that our staff are fully aware of the threats, risks and vulnerabilities that are linked to radicalisation; are aware of the process of radicalisation and how this might be identified early on.

POLICY REVIEW

The Anti-Radicalisation policy statement will be reviewed annually as part of the overall Child Protection and Safeguarding policy review.
