

Remote Learning

Date	Review Date	Coordinator	Nominated Committee member
10/09/2019	Currently under review continuously due to Covid 19 contingency plan	Natalie Myers	Damian Redmond / SLT

We believe this policy should be a working document that is fit for purpose, represents the school ethos, enables consistency and quality across the school and is related to the following legislation:

- Equality Act 2010
- Education Act 2011

The following documentation is also related to this policy:

- Equality Act 2010: Advice for Schools (DfE)
- Race Disparity Audit - Summary Findings from the Ethnicity Facts and Figures Website (Cabinet Office)
- Special Educational Needs and Disability Code of Practice: 0 to 25 Years. Statutory Guidance for Organisations Who Work With and Support Children and Young People with Special Educational Needs and Disabilities (DfE) and (DoH)

We use remote learning as a way of delivering education and instruction mostly on an individual basis to students who are not physically present in school. Remote learning may form the whole or part of a student's programme of study.

We will aim to teach a number of students remotely by using Skype and by home learning packs if there is a cause to do so please see the contingency plan. By using this method teaching and learning is convenient for both student and teacher. However, teaching in this way requires clear guidelines, good preparation and organisation.

We believe Skype is a valuable classroom asset that provides lots of new opportunities for our students to learn in exciting new ways, where either Health or a situation causes remote learning to be put in place. By using Skype, lessons are just as enjoyable as normal lessons for both the student and the teacher provided that lessons are well prepared and organised and that clear guidelines are in place.

We will use home learning packs for use home learning packs for students who have limited or no computer access and these will be designed specifically to support the delivery of teaching and learning materials and face-to-face teaching. We will ensure that home learning packs are as flexible as possible and support the learning environment enabling the best aspects of their classroom practice to be transferred into a home teaching and learning environment. It can be customised to meet the individuals needs of a student and teachers have 24 hour access to resources and activities.

We wish to work closely with the School Council and to hear their views and opinions as we acknowledge and support Article 12 of the United Nations Convention on the Rights of the Child that children should be encouraged to form and to express their views.

We as a school community have a commitment to promote equality. Therefore, an equality impact assessment has been undertaken and we believe this policy is in line with the Equality Act 2010.

We all have a responsibility to ensure equality permeates in to all aspects of school life and that everyone is treated equally irrespective of age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation. We want everyone connected with this school to feel safe, secure, valued and of equal worth.

We acknowledge the findings of the Race Disparity Audit that clearly shows how people of different ethnicities are treated across the public services of health, education, employment and the criminal justice system.

The educational section of the audit that covers: differences by region; attainment and economic disadvantage; exclusions and abuse; and destinations, has a significant importance for the strategic planning of this school.

We believe it is essential that this policy clearly identifies and outlines the roles and responsibilities of all those involved in the procedures and arrangements that is connected with this policy.
